

Selected Ohio Native Plants For Landscape and Restoration Use

Compiled by the ODNR, Division of Natural Areas and Preserves, this list represents those species native to Ohio that can be used for a variety of habitats.

Wet Field and Prairie Species

Plant Type	Scientific Name	Common Name
<i>Deciduous-Shrub</i>		
	Salix bebbiana	beaked willow
<i>Forb-Perennial</i>		
	Aster firmis	shining aster
	Aster umbellatus	flat-topped white aster
	Eupatorium maculatum	spotted Joe-pye weed
	Filipendula rubra	queen-of-the-prairie
	Gentiana andrewsii	bottle gentian
	Helenium autumnale	common sneezeweed
	Helianthus giganteus	giant sunflower
	Lilium michiganense	Michigan lily
	Lysimachia quadriflora	prairie loosestrife
	Lythrum alatum	winged loosestrife
	Oenothera fruticosa	common sundrops
	Oenothera perennis	small sundrops
	Oxypolis rigidior	cowbane
	Smilacina stellata	starry false solomon's-seal
	Thalictrum dasycarpum	purple meadow rue
	Viola cucullata	marsh blue violet
	Viola lanceolata	lance-leaved violet
<i>Graminoid</i>		
	Calamagrostis canadensis	bluejoint grass
	Carex atherodes	wheat sedge
	Carex buxbaumii	Buxbaum's sedge
	Carex pellita	woolly sedge

Plant Type	Scientific Name	Common Name
	Carex sartwellii	Sartwell's sedge
	Carex stricta	tussock sedge
	Carex trichocarpa	hairy-fruited sedge
	Glyceria grandis	tall manna grass
	Glyceria striata	fowl manna grass
	Muhlenbergii glomerata	marsh wild timothy
	Spartina pectinata	prairie cordgrass

Species represented in this list were chosen because they are relatively common native plants. They generally are not weedy and are thought to be fairly easy to grow. No threatened or endangered species are included. This list is subject to continuous revisions.
